The name of the article

The political system in contemporary Iraq

The decision of the chapter

The first semester

The objectives of the article

Introducing the student of preliminary studies to the nature of the parliamentary political system in Iraq, as well as the type of system of government applied, which is the republican system, as well as the federal nature and the decentralization system applied in the administration of the state and its regions and governorates in order to know how to organize the administration of the state at the internal and external levels.

Basic details of the material

Focus on studying the nature of the political process, the circumstances it has experienced, the challenges it faced and the successes achieved through it, starting with the drafting of the constitution and the referendum on it, and then the development of the political system and the formation of elections that are repeated in accordance with what is decided in the permanent Iraqi constitution, how to distribute the three powers and the nature of the democratic

Methodological books

- The regime in Iraq after 2003 and the influential forces in it, Khairy Abdul Razzaq Jassim.

- The political process in Iraq and the problems of access to the rule of law, Khairy Abdul Razzaq Jassim.
- Criticism of the Constitution: A Critical Political Study of the Most Prominent Forms of Iraqi Constitutions 1925-2005. Abdul Azim Jabr Hafez
- Rashid Al-Khayoun, political theology of parties and religious movements in Iraq.
- Lecture collection on the subject of the political system, Majid Hamid Khudair.
